

# **CITY OF INDEPENDENCE**

## **SPECIFICATIONS FOR IN-GROUND SWIMMING POOLS**

In Addition to the checklist,

A cross section of the pool should show

- a. all water depths
- b. floor and wall slopes
- c. dimensions and height of diving board above water line

Complete details of pool enclosure are required. Drawing must include type of fencing, height and location of any gates, and size of openings of the fencing material itself.

See additional information under “supporting data”.
